WORK EXPERIENCE

SENIOR WEB DEVELOPER
Mar 2022 – Mar 2025 Flooz Remote / Permanent
- Member of the frontend team developing https://flooz.xyz – a Next.js Web3 trading platform that allows users to research, buy, sell and swap cryptocurrencies.
- Led the development and release of the Flooz Trade Widget – a core business asset and a main revenue driver
- Initiated and led several internal initiatives, such as a release management migration from a manual, single-release-per-sprint process to a fully automated, multi-release-per-day pipeline.
- Implemented the backend and frontend logic for integrating with various on-ramp providers (Moonpay, Ramp Network, Transak, Paychant, Mercuryo)
- Successfully completed and deployed integrations such as Contentful, Dynamic.xyz, Google Analytics, Hotjar, customer.io.
- Contributed to the Next.js pages router – app router migration
- Improved CI/CD pipeline scripts (GitHub Actions, Vercel)
(Next.js, React, TypeScript, Figma, Telegram mini apps, Vercel, Google Cloud Platform)

SYSTEM DEVELOPER
Sep 2014 – Mar 2022 Visma Software Timișoara, Romania / Permanent
- Member of several teams responsible for financial, reporting and BI commercial apps, such as OneStop Reporting – a successful web-based reporting tool with a wide user base.
- Contributed to Angular frontend apps, unit tests, backend code and DevOps tasks.
(AngularJS / Angular, TypeScript, .NET, SQL Server, MongoDB, C#, Azure)

PROJECT MANAGER / OPERATIONS MANAGER
Jan 2009 – Sep 2014 MK Illumination Deva, Romania / Contract to Permanent
- Sole full-stack developer of a web-based ERP that handled all the day-to-day operations of the company (managing customers, offers, orders, stocks, supplier orders, deliveries of goods and invoicing).
- The solution was released in under 5 months and has been used successfully since its initial implementation – the company operates it to handle an average turnover of more than EUR 2M / year.
(ASP.NET, C#, .NET, SQL Server)
